ID :	Task Name :	2025-03		2025-0	2025-04						2025-05					2025-06		
		17	23	30	06	13	20	27	7	04	11	18	25	01	08	15		
1	Prepare initial presentation		1															
2	Researching about functions																	
3	▼ Implement functions																	
4	Eda: connect()																	
5	Simon: malloc()																	
6	Carina: write(), open(), read()																	
7	Dehlen: execve(), getchar()																	
8	combine write, open, read																	
12	Combine execve, getchar																	
13	Combine connect, malloc																	
14	Combine all functions																	
9	Write report																	
10	Prepare final presentation																	
11	Hand-in everything
